Allied/Nationwide Insurance will be moving their adjusters from our office over to the Finley Center (2060 W. College Avenue, Santa Rosa, CA 95401) by 1:00 PM today.

10/10/2017-

Currently we have three Nationwide Personal Lines Adjusters here in the Santa Rosa office. Insured's should still be advised to call the 800 number to report their claims, but if they need face to face, immediate assistance with money these ladies can help.! They're advancing \$25k that will be later be sorted out and applied to the claim.

As for Commercial Lines, they can field questions and refer inquiries to Craig Hansen, a local commercial property claim adjuster. He can instruct on fencing, board ups etc. However he says what he normally would help do for an insured, they're going to have to roll up their sleeves and help out.

Aglae Manzo is from Ukiah and will be in the Ukiah area tomorrow for Personal Lines.

Nationwide has a mobile unit enroot and will likely have it set up at Sonoma County Fairgrounds where they can assist both PL & Commercial Lines
